

5th Stroke Symposium

22-23 November 2022, Melia Castilla Hotel, Madrid, Spain

Scientific Program

Welcome

It is our pleasure to welcome you to the 5th edition of the Stroke Symposium, organised in partnership with Cerenovus and Johnson and Johnson Institute.

The aim of this meeting is to promote interaction and collaboration among the neurovascular community to enhance clinical knowledge and understanding of the current challenges in treating ischaemic and haemorrhagic neurovascular disease.

The program is designed to facilitate interaction and we encourage you to contribute to the discussions and share your point of view among colleagues.

Yours sincerely,

Edoardo Boccardi, Italy

Christophe Cognard, France
